

## BACHELOR OF SCIENCE IN ACCOUNTING DEGREE PROGRAM

This degree is designed for students wishing to pursue accounting careers in companies ranging in size from sole practitioners to international firms within the private and public sectors. Accounting is central to effective management of business enterprises and is a key component in the proper functioning of the free-market system. This degree equips you with analytical and quantitative skills which can be applied to meet the requirements to take the CPA exam and become a Certified Public Accountant.
